Chicago Merchant Says He Would Guarantee To Do It

Secretary Wood has prepared the following interesting report, which he will submit to the Promotion Committee at its meeting this afternoon: In Leslie's Weekly for September 5th, Mrs. R. C. Miller, that progressive Magazine's special correspondent, who spent some time in Hawaii with her camera a few weeks since, has, besides an article on labor conditions in the islands, a panoramic view of Waikiki beach. Mrs. Miller writes that all of her photographs turned out well and that her article on the Volcano will appear in the issue of Leslie's for September 12th. This will be followed by a number of other interesting sketches, all well illustrated, which should prove good advertising for us.

The photographs we sent of our rifle team to the different leading papers in Ohio were quite generally reproduced.

By every mail we continue to receive papers and clippings referring to the visit of Secretary Straus. Upwards of one thousand copies of our local papers giving a full account of that notable meeting were sent out covering every State in the Union and practically reaching every city and village.

A letter from Mr. S. Silverstone, agent of the Pacific Mail Steamship Company at Hongkong, received by the last steamer, acknowledging receipt of our folders, states that they are being carefully distributed and can now be found in all of the leading hotels of Hongkong and that a distribution has also been made throughout India and the Straits Settlement. Honorable Wm. A. Prickett, American Consul General at Auckland, N. Z., writes under date of August 26th acknowledging receipt of our pamphlets, which he states it has given him pleasure to place on file in his office.

A letter from the Honorable Secretary of the "Advancement of Canterbury Association" of Christchurch, N. Z., states that he has heard much of the successful work of the Hawaii Promotion Committee, requests copies of our printed matter and also asks that we favor him with suggestions as to the best methods for conducting his bureau.

A letter from the Secretary to the Premier for New South Wales acknowledges receipt of photographs showing Captain Cook's Monument at Kealakekua Bay and its immediate surroundings. The Secretary states that the photos will be mounted, framed and exposed for public information in the Trustees' Cottage at Cook's Landing-place at Botany Bay.

Mr. W. O. Aiken of Makawao writes that the shelter at the top of Haleakala is now under way and will be finished before the stormy weather sets in. This is going to prove a very great convenience to travelers.

Mr. Aiken also states that there is some talk of having a rest house put up in Keanae Valley, which, with the shelter on Haleakala completed, the eastern full of water and a stable for horses, will make the Haleakala-Kaunapali trip a comparatively easy one and for those in a hurry it will then be possible to make this outing in the time allotted by a round trip of the steamer Claudine.

The following letter from our Chicago correspondent is of decided interest:

Chicago, September 3, 1907.
H. P. Wood, Esq.,
Honolulu, Hawaii.
My Dear Sir:—No doubt you have heard from Mr. Higgins.

It gives me pleasure to report that the carload of fruit has arrived in splendid condition, and Mr. Murdoch, one of the practical members of my committee, says that the fruit is in such excellent condition that he would guarantee to land it safely in Liverpool.

You will note from the clippings Mr. Higgins will send you that much publicity has been given through the efforts of my committee, in the Chicago dailies. Also please see the Bulletin of August 31st.

The fruit was inspected by our committee today, and part of it will be distributed tomorrow at the Ways and Means Committee, the Union League

Club and the Chicago Athletic Club. Mr. Higgins can tell you that the shipment is a success, and I sincerely hope that the Chicago market will enjoy in the near future the luscious fruits of your Paradise Islands.

With kindest regards, I am
Sincerely yours,
(Sig.) T. EDWARD WILDER,
Chairman Publicity Committee Chicago Commercial Association.

I would also call your attention to the following letter from the Hilo Board of Trade:

Hilo, Hawaii, Sept. 12, 1907.
H. P. Wood, Esq.,
Secretary Hawaii Promotion Committee, Honolulu, T. H.

Dear Sir:—I have to advise you that the people of Hilo and District will subscribe monthly, until further notice, through the Board of Trade, the sum of sixty (\$60.00) dollars.

Wishing you every success in your work, I remain,

Yours respectfully,
(Sig.) H. VICARS,
Secretary of the Board of Trade of Hilo.

It is very gratifying to receive such a substantial evidence of appreciation of our work. Our islands have a very bright future and I know that the Hawaii Promotion Committee can be depended upon to do its utmost in advancing the interests of every part of the Territory.

It gives me pleasure to report that among the passengers by the Moana stopping over are Doctor and Mrs. L. B. Sperry. Dr. Sperry is considered to be one of the best lecturers before the public today. During his stay in the islands he proposes photographing all of the points of interest for the purpose of working up a lecture on Hawaii to add to his present list, and before departing for the mainland it is to be hoped that arrangements may be made to have the Doctor deliver a series of his lectures at the Opera House. No one who goes to hear him will be disappointed.

ASSESSOR STARTS MANY TAX SUITS

Delinquents Called Into Court By Action Of Holt

Tax Assessor James L. Holt has filed suit in the District Court of Honolulu against a number of delinquents to collect back taxes. At the same time he is preparing papers to be sent to the various other taxation districts, where similar suits will be instituted.

Eight cases were heard by District Magistrate Andrade yesterday. In two of them judgment was given by default. The others were continued for various periods.

These suits are only the first of a large batch which will be instituted by the Tax Collector in an effort to clean up the delinquent list and get 11 as much money as possible for the Government. Those which came up before Judge Andrade yesterday, together with the amounts sued for, are the following:

Mary Ann Makal	\$93.50
Charles Martin	20.75
Peter Manuel	74.50
Antone Morris	141.00
Lahapa Maullawa	177.20
Kwong Mow, alias Jay Chee	275.40
Frank Robello	116.95
Makumole	33.50

The following suits will be brought on the island of Hawaii:

S. K. Mahoe	\$34.00
Lizzie K. Puahi	25.00
Elizabeth K. Booth	38.50
A. St. C. Pihanaia	26.20
K. F. Mackie	18.45
Keapilliani	18.00

The suits are principally for property and personal taxes.

NEW CYLINDER FOR HOWLAND'S PUMP

Company Which Sold The Defective Machine Makes It Good

There is a possibility that the Nuanu pump, popularly known as the lemon, which is now lying idle on account of a broken cylinder, will be again in operation within a few weeks. A new cylinder for the pump will be shipped from San Francisco on September 24 and should be here by October 2. It will probably take a week or ten days to install it and get the pump into running condition again, and after that work with the pump may be resumed—if nothing else happens and the Department of Public Works decides that it has money enough on hand to warrant a resumption of pumping operations.

The new cylinder is being forwarded by the company which sold the pump to Howland to replace the broken cylinder which the examining engineer found had broken as a result of a flaw in the casting. No charge, it is stated, will be made for the new cylinder, although this statement is not corroborated by Superintendent Holloway.

The Department of Public Works made no announcement of the shipping of the new cylinder, but Superintendent Holloway, when asked as to the correctness of the report, corroborated it. He said that he had not intended to say anything about it until after the cylinder had been received and the pump was in condition to resume work after its several weeks of idleness.

On account of the breaking of the pump work at the dam has been practically abandoned for the present. Six or seven men are at work there now, but their work is chiefly to keep what has been done from deteriorating. The breaking of the pump has delayed the completion of the dam several weeks at least.

Even after the new cylinder is received, little can be done toward the completion of the dam until after negotiations for the sale of the new bonds are finished and the money resulting from the sale becomes available.

GANS A MARVEL

Joe Gans is still the old master of the gladiatorial college; the premier thumper of the light-weight division. Those who backed old age to beat him and those who thought that the rugged Native Son had a chance, know now that they gave most liberal odds when they put up 6-1-2 to win 10. The price should have been 1 to 10. Joseph is still the past master of his bruising craft; the greatest ring general of the age and the cleanest, hardest hitter of all the lightweights now in the ring.

The only thing that can be said of Gans after his masterly exhibition is that he is a wizard of the prize-ring. Such skillful blocking, ducking and leading is seldom witnessed. As for footwork, so far as the colored lad was concerned, there was practically none. He stalked about with a bulldog's determination, and when it devolved upon him to defend himself from attack he either hit his flying body, ducked under Britt's flying arms or used his elbow in the manner that worked injury to the most effective portion of Britt's fighting machinery.—S. F. Examiner.

All of Gans' cleverness and speed talked of above can be seen in the motion pictures that will be shown at the Hotel Baths Friday and Saturday nights. You can see every move that he makes in these pictures in his greatest fight against Pat Nelson at Goldfield.

Show starts at 8:30. Reduced prices, 25c, 50c, 75c. Seats on sale at the Baths.
